RAILWAY SETTLEMENT NOT YET IN SIGHT

"Outlaw" Union Takes Stand Changing Phase of Situation—Agreement Expected

(By Associated Press)
Chicago, April 17—Hope for immediate settlement of the rail strike here today was apparently lost when officers of the "outlaw" union at noon reiterated their original demands and added new ones to the list, including a demand that the "rebel" organization be made the governing body for the switchmen which, union officials say, would take 66,000 members from the brotherhood of Railway Trainmen and 50,000 from the switchmen's union of North America, and practically disrupt the latter organization. The addition to the demands has apparently widened the split between the Brotherhoods and the strikers. First reports during the forenoon were that the strike would be called off this afternoon.

Return To Work Here

New York, April 17—All roads in this region with the exception of the New Haven, where employees continued to walk out in small groups, announced today strikers were returning to work and that passenger service was approaching normal. Also asserted that movement of freight is increasing.

Washington, April 17—A hearing on the wage demands of the country's 2,000,000 railroad workers, was begun here today by the Railroad Labor Board with Vice President Roak, of the Brotherhood of Trainmen, presenting the employees' case.

OPERATION MAY SAVE CHILD'S LIFE

Young Son Of Dr. R. B. Combs In Serious Condition As Result Of Accident

A surgical operation was performed Saturday morning at the Gibson hospital on Roscoe, the 18 months old son of Dr. and Mrs. R. B. Combs, of College Hill and the condition of the child is reported as being serious.

While at play recently, the child fell and his head came in contact with a nail which apparently penetrated its forehead but a short distance. The incident was considered trivial until twelve hours later when spasms resulted. Since that time the life of the child has been in the balance. It was discovered that the nail penetrated the brain, and as a last resort, the operation was decided upon. There was a depression found near the brain, and it affected the child's mind, the doctors report, and this is considered as the reason for the spasms. The operation is believed to have been a success and the youthful victim stands a fair show to recover.

Dr. R. B. Combs, father of the child, stated that the accident was of a peculiar nature, in that more than 12 hours elapsed before there was any sign of any injury to any material extent.

American Killed

(By Associated Press)
Washington, April 17—Paul De Mott, of Patterson, N. J., was killed by a German guard at Wesel, while trying to escape, after conviction as a revolutionist. He made no claim for immunity as an American and moreover, carried letters addressed to Russian Soviet leaders, including Trotsky. This official report was received today by the State Department.

SUTHERLAND IN RACE

Senator Howard Sutherland, of West Virginia, has announced his candidacy for the Republican Presidential nomination.

WILL TRY BALLARD HERE

The case of Cornelius Ballard, 41, colored, of Berea, who was arrested in Lexington and against whom there is a warrant for forgery, has been transferred to Madison county. The prisoner will be brought here to await a preliminary hearing.

REWARD of \$5 for any information leading to recovery of bundle of laundry belonging to Dixie Inn. Goods were all marked. The Madison Laundry, phone 322.

MEETING OF S. S. WORKERS

Plans Made For Entire County To Be Canvassed For Go-To-Sunday School Day

More than a dozen of the Sunday School superintendents of Madison county met Friday at one o'clock at the First Christian church. It was decided to divide the county into as many Sunday School districts as there are magisterial districts, and let the boundary lines of each coincide.

Mr. Jenkins, Mr. Tudor and Mr. Hamm represented the Million district. Mr. Tudor was appointed temporary chairman of the Million district and was requested to call a meeting of all the Sunday Schools of that district for the purpose of effecting a district organization and to make arrangements for the district convention.

Mr. Lanter was delegated to do the same thing for the Ellises-Yates district; J. W. Wilson for the Foxtown district; Mr. John Todd for Richmond, No. 1, and Mr. John Arnold for Richmond, No. 2. The Glade district is the only district in the county which has an organization. Mrs. Wyatt, of Berea, was appointed as the new secretary of the Glade district to take the place of Mr. Vaughn, of Berea. Mr. J. W. Herndon, of Berea, is president of the Glade district.

The Union and Kirksville districts were not represented and no arrangements have as yet been made for district meetings in those districts.

The temporary chairmen of the various districts are asked to call the district meetings for such time and for such place as they think convenient.

The Sunday School convention for the county was discussed. It was decided that June would be the best time for this meeting and that country churches would be the best place. Invitations from country churches are in order.

The Go-To-Sunday-School Day campaign was discussed. May 2 is Go-To-Sunday-School Day. Some splendid suggestions were made for drawing a large crowd to the Sunday Schools on May 2.

Mr. John Todd suggested a special musical program. Mr. J. W. Wilson suggested a treat for the children. Mr. Elvada Tudor made the point that every Sunday School should have such teachers that they will be a drawing card to everybody in the community.

MEETING OF CHURCH WORKERS

Rev. Joseph Armistead, of Cynthiana, Mrs. Ida Withers Harrison, of Lexington and Rev. Howard Brazelton, of Stanford, spoke in an interesting and instructive manner Friday night at the meeting at the First Christian church relatives to the World Church movement.

Outlines of the work and the ultimate aim of the various organizations being effected, were given.

There was a large attendance, both of members of the local Christian church and those of the county. The work, its progress the probable cost of conducting and promulgating the various plans were explained. The response to the call of the teams working in more than eighty counties in Kentucky is surprisingly large and there is a concerted movement upon the part of the leaders of all churches to promote the big plan according to the original program, which will admit of the collection of funds next month. The team appears today in Stanford, where they work for the week will close.

WOMEN VOTERS FORM CLUB

The Woman's Democratic Club of Fayette county was organized at a rally in the Phoenix hotel here with a charter membership of eighty-seven.

TO ELECT TEACHERS FOR CITY SCHOOLS

Board Announces That Instructors Will Receive Material Increase In Salary

The election of additional teachers for schools of the city will be one of the leading features of the city school board on next Tuesday night, at which time there will also be announced a result of the rearrangement of salaries for instructors, which, in purport, will be an approximate increase of 20 per cent.

There are a number of applications in the hands of the members of the board. Treasurer Z. T. Rice said today, and there are a number of additional teachers to be named. It is not expected that there will be any dearth of instructors experienced here, as elsewhere in the state. Reports from the various schools of the city indicate that general health among the children is good, since there is a very small percentage absent owing to illness.

It is believed by the members of the board that the material increase in salaries will add considerably to the interest of the instruction and that the conditions for the summer and fall terms of the present year will be very successful.

DAVIS MAY ENTER CONGRESS RACE

Col. Frank Rippey, of Anderson county, who is a candidate for the Democratic nomination for Congress, has been in Madison for the past two or three days, making an intensive canvass of the voters. He is being cordially received and has many friends here. Reports have it that there will be another entry in the congressional race very soon. The Stanford Journal says that it has seen a circular stating that Private George T. Davis, of Liberty, Casey county, will announce his candidacy at Danville next Monday. Until his formal announcement appears in the newspapers of the districts, however, his candidacy will probably not carry much weight. Davis is an excellent speaker, and is an attorney of Casey county, where he made his home returning from the war.

A GET TOGETHER

Saturday night at the State Normal University will be held the first "get together" meeting for this term, which will close its first two weeks at this time. This will afford all of the students an opportunity to meet one another. An interesting program has been arranged for the occasion which promises to be an interesting and entertaining one.

The enrollment at this time, it is believed, records a more complete representation from various parts of the state than any other heretofore. There will be participants on the program from the various branches of studies. These affairs are held semi-annually and are looked forward to with much pleasure.

WOMEN TO DON OVERALLS

Even the women of Middleboro are preparing to don overalls, Mrs. H. H. Sanders, wife of a local officer of the L. & N. railway having interested herself in the movement. She is organizing a club.

LONDON POLICE CHIEF JAILED

Chief of Police S. W. Asher of London, was arrested and placed in jail where he was confined for several hours as a result of his searching Walter Harkleroad for whisky. Asher threatens to sue for damages.

QUESTION OF JAILER'S FEES

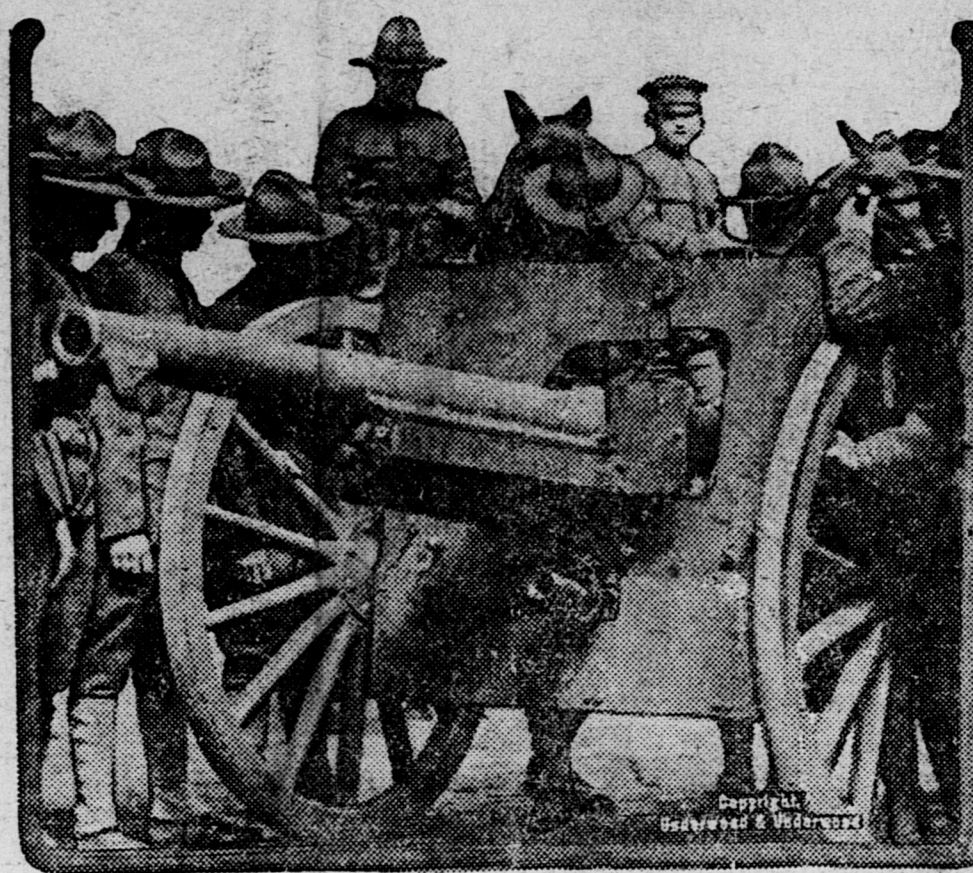

The law providing that not exceeding 75 per cent of amount of fees due to or paid to jailers for services rendered the preceding month may be spent is said to be violated by Jailer J. M. Barr, of Louisville.

WEATHER RETARDS CROPS

According to summary of report of the United States Weather Bureau, crops in this as well as other sections of the state are being retarded by recent low temperature.

FRENCH "75" AS WAR RELIC

Members of battery E of the Second field artillery looking over the French 75 which was used by a gun crew composed of members of the Second field artillery when they served with the Twenty-Seventh division in France. The gun has been allotted as a war relic to the Second field artillery. Lieutenant Keegan is in the background. The gun was nicknamed "Buster" by the crew and it was effective in helping to break the Hindenburg defenses.

THOUGHT DANVILLE BOY WAS KIDNAPPED

(By Associated Press)

Danville, Ky., April 17—W. H. Trimble, Jr., the 7-year-old son of a Queen and Crescent railroad employe, reported kidnapped last night appeared at home this morning. He asserted a strange negro had thrown him into an excavation which he was unable to surmount after many attempts.

He declared he was kidnapped on the streets by a negro who struck him on the head with a blunt instrument. He said he managed to crawl to a stable where he lost consciousness. The boy was taken to a hospital, seriously injured. His father, who is a Southern Railway roundhouse employe, believes his son was injured by an enemy. The boy is reported to have said a white man is also implicated.

Verdict Finds Several Guilty

(By Associated Press)

Cork, Ireland, April 17—A jury at the inquest of Mayor McCurtain, who was assassinated last month, returned a verdict today finding Premier Lloyd-George, Viscount French, Lord Lieutenant of Ireland, Ian MacPherson, former Chief Secretary, and several police inspectors, guilty of wilful murder.

The verdict declared the murder was organized and carried out by the Royal Irish constabulary of Ireland, directed by the British government, of which those named are connected. The verdict will likely be little more than an expression of sentiment except in the cases of the police officers, who may be arrested.

BLOODHOUNDS ON TRAIL

Captain V. K. Mullikin, of Lexington with his bloodhounds left Lexington before daylight this morning for Lawrenceburg, Anderson county, where he was called to trail two men who are said to be responsible for the firing of a house.

WILLIAM ADAMS IS TAKEN IN CUSTODY

Man Wanted For Some Time, Returns to Richmond and Enjoys But Brief Liberty

William Adams, for whom a warrant was issued here several months ago on a charge of failure to support his infant child and who was apprehended at St. Joseph, Mo., but not returned to Richmond owing to a failure to get requisition papers, was arrested here Saturday morning by Sheriff P. S. Whitlock.

Adams, upon being turned loose in St. Joseph, returned to Richmond last night and started to work here this morning. He was seen by Sheriff Whitlock, who procured the original warrant and took him in charge and placed him in jail, Adams being unable to furnish bond. He will be given a preliminary hearing later.

"You wouldn't have taken me, if I had seen you coming," asserted Adams, upon being placed under arrest. "I didn't intend to advertise my business," replied the officer, as he escorted Adams to jail. It is said that Adams has spirited the children away and that their present whereabouts are unknown to the local authorities.

FORMER MADISON MAN SHOOT'S SELF

During the temporary absence of his wife Friday afternoon, R. H. Smith of Madisonville, formerly of Madison county, shot and killed himself in an outbuilding adjoining his residence and the tragedy was not discovered until some time later when the body was discovered by neighbors. No cause can be assigned by Mrs. Smith for the action of her husband. Smith used a shot gun which he rested on a box and pulled the trigger. The widow and several children survive.

CIRCUS DAY MONDAY

Sparks' Big Three Ring Circus Will Be In City

Tomorrow morning there will roll into the city two long gaudily painted trains of the Sparks Circus for a day's stay, with everything from forty clowns to the shimmy dancing bears. The show will give two performances, Monday displaying picturesque and wondrous marvels—both human and animal—making a combination that will be pretty hard to keep "Young America" from seeing.

This season promises many new features. Among them being the great Matoka, who traverses a distance of 150 feet on a narrow wire with lightning like rapidity, from the extreme top of the huge canvas to the ground. Then there will be the group of acrobatic bears, whose feats are only excelled by the other acrobatic of the circus. And there'll be "Big Zulu," the skyscraper elephant and the rest of her elephant associates and "Caesar" the champion high jumping horse of the world will duplicate his own record of 7 feet by 4 1/2 inches.

The circus will raise its tents at Creech's pasture and will be "at home" to visitors all day. Of course there will be a parade at 10:30 in the morning. It will come shining and glittering forth from the show grounds to traverse the usual parade route. In it will be a sample of everything about the circus. The performances will be given at 2 and 8 p. m. while the doors will be open an hour earlier, so that visitors, and especially the children may visit the menagerie and Horse Fair, which is a special feature this year.

ANOTHER GARRARD BOY GOES IN FAST COMPANY

"Dick" Lackey of Lancaster, one of the best baseball catchers in that section has signed up with the Georgia State League, and will report for duty on the Griffin, Ga., team about May 1. Those who are familiar with the manner in which Lackey is said to "mesmerize" the ball, feel assured that he will be heard from later in a most creditable way. Lackey is the second Garrard boy out in fast company this year, Clell Tatum of Paint Lick having made good with Louisville.

MISS LAURA CLAY IS FOR BECKHAM

Will Not Be Candidate For U. S. Senate Herself—May Attend Convention

Miss Laura Clay of Richmond and Lexington, woman suffrage leader, for years head of the equal suffrage movement in Kentucky, announced that she would not be a candidate for the Democratic nomination for United States Senator, but would give her support to Senator J. C. W. Beckham, "because he stood for the rights of the people on the suffrage question, and against the Anthony amendment."

Miss Clay said she did not think the Anthony amendment would be ratified before the Presidential election in November, because of the fact that there were few Legislatures meeting this year, and no more would meet unless called in special session to ratify the amendment, a contingency she regarded as remote.

Miss Clay will not attend the Democratic State convention as a delegate from Fayette county, because of the fact that she is a legal resident of Madison. When asked of she would go to the convention as delegate if chosen from Madison county she said she thought she would. Miss Clay was a delegate from Madison to the last Democratic State Convention. It is expected that she will be on the Madison delegation again this year. "I am not ambitious to go," she said, "but it elected a delegate from Madison county it is probable I will go."

Miss Clay said she did not think women voters would regret the failure to pass the rural police bill, because it was offered so late in the session, but that she thought the women would favor it two years from now and urge its passage, as they would justly prefer the expense of a rural police force to some of the other expense to which the State is now being and has been put for some time.

Miss Clay declared the women of Kentucky, Democrats and Republicans, were grateful to all who assisted in passing the Presidential suffrage bill for Kentucky.

CITY FIREMEN ARE COMPLIMENTED

The members of the Richmond fire department were pleased Friday in an unexpected manner, when they were highly complimented by a representative of a truck company, upon the excellent condition of the local fire fighting auto truck after two years' use.

The salesman, who has been introducing fire trucks in this part of the state during the past ten years, called at the local station and made himself known. He stated that he wanted to see the condition of the truck which the city of Richmond bought two years ago. After an examination, he admitted that he would have a most favorable report to make to the company upon his return.

"I just want to tell you boys," he said, addressing the firemen present, "that you must have credit for having taken better care of your truck than any others in the whole state, everything considered, for when you have these rough streets, as a result of the contemplated paving, there is something to reckon with. You have had no serious breaks and the mechanism is evidently in perfect working order. I will have to hand it to you, and to the machinery, which is both a credit to you and the company. I look upon the performance of this truck greatly as a result of the care you have taken of it, as truly remarkable."

and Training School for Nurses

At Berea, Kentucky, offers a three years' course of instruction, which leads to graduation. The graduates from this institution are eligible for examination by the State Board of Nurses' Examiners, and for registration. The course of training and study fulfills the requirements of the laws of the state. Applicants must be graduates of the eighth grade and one year's High School.

Uniforms and textbooks are furnished by the institution without cost to the students. Students are also given board and lodging and necessary laundry of uniforms. Each student nurse also receives an allowance of \$120 per year for her necessary expenses. This allowance is given in monthly installments of \$10 each.

Plans are under way for additional buildings that will double the present capacity of the institution for caring for patients and training nurses.

Plans are now open for ten more young women who desire to take up the work.

REPUBLICANS SCRAP IN PULASKI

There is a muddle in Republican politics in the Eleventh District, according to reports issued from Somerset, which are to the effect that there are two county executive committees. Both lay claim to being the "only real and legitimate" committee, hence the muddle. One of them is headed by J. R. Cook, recently endorsed by Circuit Judge B. J. Bethurum, and the other by B. L. Waddell, brother-in-law of Governor Edwin P. Morrow. Senator A. O. Stanley has a probable opponent in the latter the next time he runs, according to reports.

It is claimed that the Republicans who held a special meeting and elected Waddell chairman of the county organization, did so without any authority whatever. It has been proposed that a new committee and chairman for the county be elected.

The surplus county chairman, it is said was elected purposely to harass Judge Bethurum in his candidacy for re-election.

GLAD TO TESTIFY
Says Watoga Lady, "As To What Cardui Has Done For Me, So As To Help Others."

Watoga, W. Va.—Mrs. S. W. Gladwell, of this town, says: "When about 15 years of age, I suffered greatly. Sometimes would go a month or two, and I had terrible headache, backache, and bearing-down pains, and would just drag and had no appetite. Then... it would last... two weeks, and was so weakening, and my health was awful.

My mother bought me a bottle of Cardui, and I began to improve after taking the first bottle, so kept it up till I took three... I gained, and was well and strong, and I owe it all to Cardui.

I am married now and have 3 children... Have never had to have a doctor for female trouble, and just resort to Cardui if I need a tonic. I am glad to testify to what it has done for me, so as to help others."

If you are nervous or weak, have headaches, backaches, or any of the other ailments so common to women, why not give Cardui a trial? Recommended by many physicians. In use over 40 years. Begin taking Cardui today. It may be the very medicine you need.

PEACHES SAFE SAY THE GROWERS

Residents of various parts of the county who have been investigating the result of the recent cold weather—upon crops and fruit, are becoming more and more convinced daily that the damage will be much less than first anticipated. "The peach trees," one man said, "which were beginning to bloom, are recovering in an unusual manner, and I believe that most of the feeling that there was great damage wrought, will be changed." This means thousands of dollars to the county as Madison generally boasts of "some peaches," he stated, when the frost doesn't get them. For a time, it was believed there would be none owing to the severe weather. Fruit growers of the county, he added, may rest assured that the damage was not nearly so great as was at first supposed.

OVERALL AND GINGHAM PROTEST
CAMPAIN IN NEW YORK

New York, April 16.—An overall and gingham protest against present high prices of clothing was indulged here yesterday by hundreds of men and women. They declared their intention of buying their clothing on profitless in wearing apparel.

Society and club women, waitresses, and school professionals, women, stenographers, and housewives, joined in a gigantic pledge to don gingham dresses and wear them until prices of hats, shoes, coats, suits, blouses and other articles of clothing are reduced to a figure within reach of the moderately circumstanced purse.

Many of the women said that their ready had promised to shroud their husbands, brothers and fathers already had promised to wear overalls and jumpers as long as the protest is necessary.

Boy and girl students of Jamaica High School yesterday decided to wear khaki uniforms in an effort to combat the high cost of clothing. Arrangements were made with wholesale dealers for enough material to clothe all students at the school.

GO TO SUNDAY SCHOOL

A strong organization is being effected in Madison to secure the fullest possible attendance at Sunday School on Go-to-Sunday School Sunday, May 2nd. Prof. J. Howard Payne is heading the campaign and is being ably assisted by M. J. McSweeney and L. P. Evans. A recent breaking attendance is being urged in every church in this county. Some strong reasons are being given why everyone should attend Sabbath school that day. Some of them are: Study of the Bible—"To know the Bible is to be happily educated." The testimony of the Lord is sure, making wise the simple.

Usefulness—The Sunday School both equips for usefulness and provides the opportunity for usefulness. Character is the most valuable single asset a business man can have. "Wherewithal shall a young man cleanse his ways? By taking heed hereto according to thy word."

Christian Education—The Sunday School is America's great common school of religious education. "He that refuseth instruction despiseth his own soul; but he that heareth reproof getteth understanding."

Effectiveness—"All things work together for good to those that love God." "And whatsoever he doth shall prosper."

Special Contact—The Sunday School offers opportunity for association with various types of people, the opportunity to be in good company, and a fine place to choose friends.

Success With No Regret—"The blessing of the Lord, it maketh rich, and it addeth no sorrow with it."

How "Miss" Came into Use.
The origin of "Miss" is curious, and, oddly, enough, an almost exact date can be assigned when it first came into use. This was 1632, when notable women of doubtful reputation and unmarried were so called, the "Miss" being a "hip" abbreviation of "Mistress," a title of respect for both married and unmarried women. The word "miss" however, dated so long felt a want that the public seized upon it, ignoring its earlier connections, and within 50 years it was well established.

FAINTING AND DIZZY SPELLS

The Cause of such Symptoms and Remedy Told in This Letter.

Syracuse, N. Y.—"When I commenced the Change of Life I was poorly, had no appetite and had fainting spells. I suffered for two or three years before I began taking Lydia E. Pinkham's Vegetable Compound and the Liver Pills which I saw advertised in the papers and in your little books. I took about twelve bottles of your Vegetable Compound and found it a wonderful remedy. I commenced to pick up at once and my suffering was relieved. I have told others about your medicine and know of some who have taken it. I am glad to help others all I can."

Mrs. R. E. Deming, 437 W. Lafayette Ave., Syracuse, N. Y.

While Change of Life is a most critical period of a woman's existence, the annoying symptoms which accompany it may be controlled, and normal health restored by the timely use of Lydia E. Pinkham's Vegetable Compound. Moreover this reliable remedy contains no narcotics or harmful drugs and owes its efficiency to the medicinal extracts of the native roots and herbs which it contains.

LEXINGTON MAN HELD IN LIQUOR BANDIT CASE

Frankfort, Ky., April 16.—Roundup of the seven masked men who held up watchmen and stole ninety-four cases of confiscated whisky from a Lexington warehouse is foreseen in arrest yesterday of Doyle W. Stansell, poolroom owner. A Federal warrant charges that the stolen liquor was stored in his garage in Lexington.

Federal officers intimated that other arrests would be made this week, possibly tomorrow.

Three men were arrested recently at Catlettsburg when empty bottles with the brand labels of the stolen whisky were found. They were indicted on a charge of transporting and concealing liquor. Stansell, who lives in Lexington and runs a poolroom here, contends he merely leased his garage and denies complicity. The stolen liquor was that seized by prohibition agents when a truck was seized at Versailles. It was owned by Wathen & Co., Louisville.

Milburn Light Electric

"Let's take the Milburn," is the common expression in families having more than one car.

It is so cozy and chatty; no chauffeur is needed, because anyone can drive this car and likes to. It is as roomy and comfortably for a party of five. Away you go as far as you care to and as fast as you ever want to. And silently, without a motor sound to mar the ideal pleasure of swift motion.

There is no car like the Milburn. We take pleasure in its demonstration.

The Leading Seven-Passenger

Nothing could be more expressive of the true merit of the Paige Six-35 than the position of leadership which it holds today among seven-passenger motor cars.

There is no mistaking the sincere and enthusiastic endorsement accorded it on every hand.

The same generous approval has been bestowed upon it by those who admire its beauty of body line as by those who place emphasis upon its many other qualities—notably luxuriousness, sturdiness and general mechanical excellence.

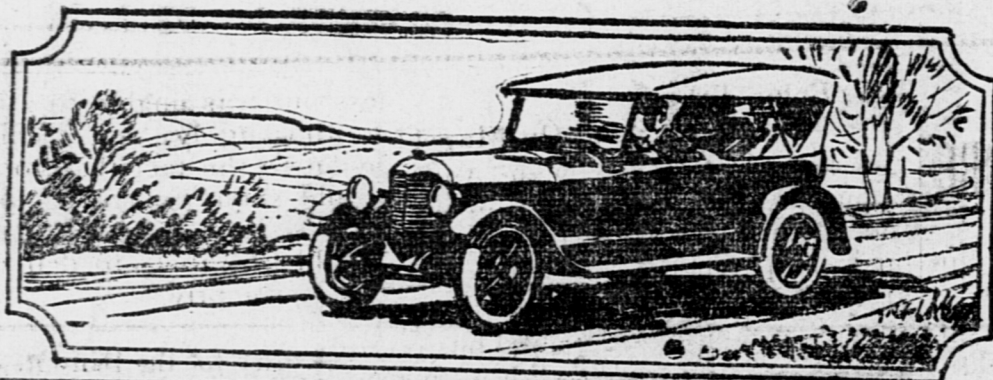

Powered with the same six-cylinder motor which has always given such universal satisfaction, this smart seven-passenger continues to win increasing favor. It is known to be remarkably smooth-running as well as unusually economical for its power and size.

Our dealer will gladly arrange to take you for a demonstration ride in the Paige Essex at your convenience. It will be well worth your while if you have in mind the purchase of a car of the finer type.

POLITICAL ADVERTISING

(From Stanford Journal)
Last fall the Interior Journal and every other Democratic newspaper in Kentucky received all the advertising it would use and could have gotten more from the Republican State Campaign Committee presenting arguments, many of them in fact false and misleading, in favor of the election of the Hertz-Searcy-Galvin-Dick Stoll ticket. The Republicans also used their own organs liberally in the presentation of this matter. Many a Democrat was fooled last

fall by the advertising printed in his own Democratic county paper, which the Democratic committee failed to meet. Instead of doing that the Democrats sent out alleged "news" which most of the Democratic papers set up at their own expense and printed as "news" as a matter of party loyalty, without money and without price.

Now, without in any sense considering the Interior Journal or its interests in the matter, this paper wants to advise those in charge of the Democratic campaign in Kentucky

this year to emulate the example of the Republicans in that respect last fall. Present arguments in favor of the election of the Democratic ticket for Congress and Senator—and there are plenty of arguments that can be presented—just as the packers of "die ham what am" and of Quaker Oats and Grape-Nuts and Shredded Wheat have presented their claims to the public and made millions in doing so.

Last fall the reason the Republican arguments could not be met was the "laying down" on the ticket by gentleman recently sprung into party prominence, who failed to support financially those in charge of headquarters. We understand that Chairman Rhea and Secretary Glenn were harassed often for money to keep the headquarters going and the speakers in the field. That situation, we are informed no longer exists, and the Democratic organization will have all the money it needs for any legitimate

purpose. We advise it to use it in an advertising campaign of education that will reach every voter in the state. All that has to be done to bring Kentucky back to her Democratic moorings is to tell the truth about the Republicans in Congress and at Frankfort. Let it be done thoroughly and well.

TWO GREAT CIRCUSES COMBINED COMING

Hagenbeck - Wallace Shows In Three Train Loads To Exhibit Here April 29

The great Hagenbeck Wallace Shows combined will visit Richmond on Thursday, April 29. For more than a quarter of a century the Great Wallace Circus was the best in all the land. Several years ago the big circus was consolidated with Hagenbeck's trained wild animal exhibition. Carl Hagenbeck before his death was the "animal king" and the combination of the two shows for a single price of admission makes it something unheard of in the amusement world. With few exceptions great arena acts originate in Europe. They are invariably introduced into America by the Hagenbeck-Wallace Shows, who maintain agencies in Europe and Asia for the purpose of keeping in touch with the latest achievements.

The Hagenbeck-Wallace Shows have either originated all great attractions in the past few years or have searched them out from distant lands. It has offices in London, Liverpool, Paris, Calcutta, Hong Kong and Buenos Ayres. Its agents are always looking for novelties. B. E. Wallace may be justly called the "circus king" as he is the largest individual circus owner in the entire world.

His name has been hissed by the mouths of two generations of children.

Today the circus has reached a size that is giving the railroads much concern. If the three trains were any longer they could not handle them. It enrolls over 1250 people, a thousand of whom travel along with the show. It has 750 horses, three herds of elephants, and 600 other animals. All of the equipment throughout this season is new. It cost \$3,000,000. The parade alone represents a cash outlay of \$1,000,000. The menagerie is worth half as much. The best circus artists in the world have been engaged for this season there are 387 of them. Doors to the big show will be opened at 1 and 7 p. m. Performances will begin an hour later. The parade leaves the grounds at 10 o'clock. It

Rappid Sealer

Collins and Company,
Wilmington, Del.
Esteemed Sirs:—

Believing in the old saying that when you have a good thing, "pass it along," I scribe the following data:—

I used Rappid Sealer in my old 1912 Ford with gratifying results.

In 1916 bought a Ford touring car from Mr. H. R. Loose, of Wilmington, equipped with Rappid Sealer.

Spring of 1916 my speedometer registered 8,000 miles. At close of 1916 registered 12,000.

February, 1917, purchased of Mr. Loose a set of United States tubes and shoes, and placed quart of Rappid Sealer in each tube, 30x3 1-2.

In April, 1917, a spike tore front shoe and Sealer healed it.

To date, May 12, 1919, speedometer registered over 17,000 miles and the tubes and shoes are in perfect condition. With only one known puncture, the air has never been out of any of the four tubes, since February, 1917.

The fact that the plungers in tubes have never been renewed proves that Rappid Sealer is a preserver of rubber, for had Rappid Sealer not preserved the little rubber band around the air plunger it would have lost its life and let air leak out of plunger, for every auto user knows when the plungers leak it often means a ruined shoe or tube.

This outfit of four shoes and four tubes is in such good condition that it has been remarked more than once this season that "they look like new."

This is the third season and they stood the summer heat and winter freeze.

May 3rd and 4th covered 200 miles, reaching Lancaster City to the miserable tears from Chester to Wilmington.

Thinking this experience may help some one else to decide that Rappid Sealer is a boon to auto-users, I grant you permission to use this data as you see fit.

With "hats off" to the Collins Rappid Sealer, I remain,
Respectfully yours,
John Spence, Oxford, Pa.

P. S. Upon receipt of a self addressed and stamped envelope, I will cheerfully verify above statement, to any interested person.

Use Collins Rappid Sealer and enjoy motoring without tire trouble. For sale by

ADVERTISING PAYS W. H. GRIDER CLAIMS

W. H. Grider, who has taken the agency for the Dort car in Richmond, was the happy recipient of a car load of machines and is ready for business. There will be many residents of the city and county riding in Dort cars in the near future, according to his estimation of a number who have looked over the new machines. He said today that he was one of the busiest men in the city, and that his business was due to the fact that he had started advertising and that he intended keeping it up. "I firmly believe that Madison county is one of the best in the state in more ways than one, and I am also glad to state right here and now that I am advertising in the Daily Register, and that it pays."

DRIVE CARS HERE FROM CINCINNATI

J. T. Reeves, of the Reeves Motor Co., who handles Maxwells, is in Cincinnati, this week-end looking after the shipment of a number of cars for which he has been looking for some time. Before departing for the Queen City, Mr. Reeves said that he had been planning for the reception of the cars for more than a week, and in order to facilitate matters, he will send his son, Mitchell Reeves, and Roy Moore to Cincinnati tomorrow to drive a couple to Richmond. Mr. Reeves is optimistic regarding the local field and its possibilities, and said that he was not afraid of not being able to sell the machines, but admitted that he had to have the autos here before he would be satisfied.

SALES REPORTED AT LUXON GARAGE

C. L. Simmons, of Luxon garage, reports a number of sales this week. One was a sport model Chandler to William Hagan, of the Kirkville district, another was a Cleveland to George Hines, of this city, and a Paige touring car to Morris Wides, of this city. Mr. Simmons stated that he could sell and deliver more cars, if he could get the machines. He claimed that the railway strike was interfering in the matter of shipping cars at present, and that he had a number already sold out was unable to make the delivery, owing to the fact that he could not get the cars to Richmond.

BUSINESS IS GOOD SAY AUTO DEALERS

"Business is good," seems to be slogan for the dealers in automobile and accessories in Richmond, since that was the unanimous opinion, upon being interrogated. "Yes sir, business is good," they would reiterate, and then proceed to speak of the tardiness in various respects to the spring trade owing to railway strikes, the inability of their companies to get the machines to market and the lack of skilled labor, which, together with various other reasons, has retarded the business only to an extent that limits the present output of cars.

DELIVERS NEW BUICKS

Manager Dorton Roberts of the Richmond Buick Company, just delivered several new cars to his patrons. Mrs. Hattie Buchanan bought a handsome coupe. Five-passenger touring cars were delivered to J. W. Hamilton, J. H. Oldham and Bud Cornelison. Mr. Roberts says that he is unable to get Buicks in fast enough to meet the demands for this popular machine.

OPENS A BRANCH AT BOONESBORO

E. H. Sandlin, of the Sandlin Supply Company, is in Boonesboro looking after a site for the location of a branch business during the summer. The establishment will be effected within a few days. It is possible that it will be continued throughout the year and be operated in connection with the business in this city. Mr. Sandlin spoke of local business in a vein that indicated everyone was the owner of an automobile, and that they needed supplies. "Business is surely good," he said, according to the demand, "and I am sure that if there is any automobile business in the country, there will be business of that kind here."

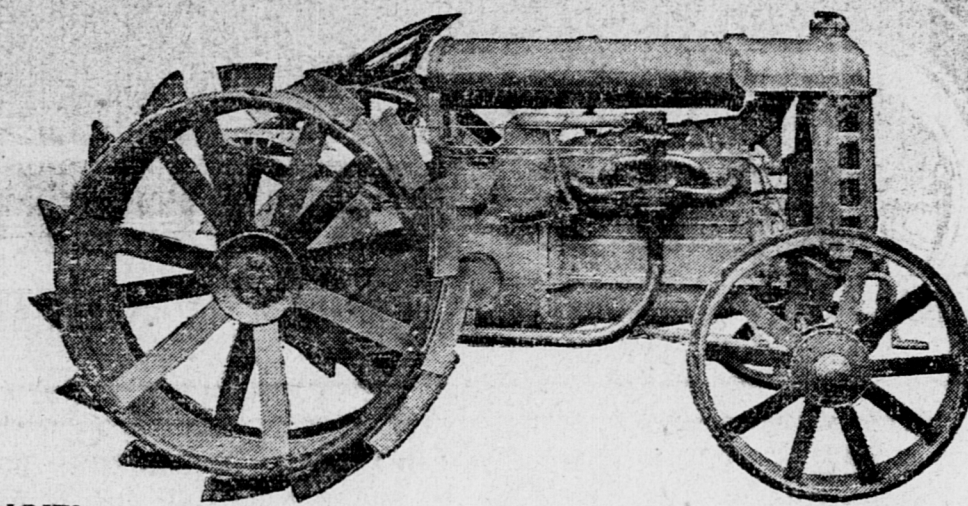

THE DEATHERAGE-REED COMPANY BUSY

The Deatherage-Reed Company, handling the Hudson and Essex cars, report the sale of a Hudson touring car to Jonah Wagers, of this city, among their late patrons. Mr. Reed said today, in speaking of the automobile business that the prospects were good for a banner year and that he contemplated being even too busy to take a vacation, even after favorable weather was at hand.

LET'S GO NOW

DON'T PUT IT OFF

AND GET A FARM TRACTOR

All farmers are far behind with Spring plowing on account of the continued unfavorable weather conditions. The only way to get abreast of farm work is to do it with improved machinery. A Fordson Tractor will pull two 14-inch mole boards, and plow from eight to ten acres a day. You can then hitch a disc harrow and a smoothing harrow behind, or better a disc harrow and a cultipacker, and put your ground in better condition, and in one-third of the time you can do it with horse power, and so much cheaper that it would surprise you. When wheat cutting comes on they are worth three teams of horses. And when you want to thresh you have the engine. When you want to do any stationary engine work you have the best that can be had, so why delay in buying the greatest time and money saver on the market for farm work? Be convinced and buy a Tractor. We will be glad to show you the Fordson, an investigation will convince you that we have the economical Tractor for every purpose on the farm. Come and talk the matter over with us, investigation will cost you nothing, and a purchase will save you many dollars.

HEARD ABOUT TOWN

"I just had to stop off at the old town and look up a number of old friends", said Don Cox, former telegraph operator for the L. & N. railway who spent several years in and about Richmond. He is spending the week-end here before returning to Hamilton, O., where he is now stationed.

The flu is abating in Madison county and about the last of it is seen, in the opinion of a number of physicians who were asked regarding the disease today. "Few scattered cases", they generally reported and they are of mild form.

Owners of poolrooms report that since the advent of spring, there is a decided falling off in their business, giving as a result, the beginning of spring work throughout the country.

"Did you know that there is not going to be any chicken famine in Richmond?" quired Oscar Franks living West of the city in speaking of the poultry interests, which are increasing. He added that people who never raised but a "few chickens to lay", heretofore, now missing more than a supply for themselves and that there are many taking up the raising of poultry.

With good weather, there will be no stop in the work of excavation on local streets and the improvements will be finished within scheduled time, according to Contractor McLane, who has charge of the work in Richmond.

MRS MORGAN DIES

Lexington, Ky., April 16.—Mrs. Caroline Bell Morgan, 74 years old widow of Colonel Calvin Morgan, who was a brother of General John Hunt Morgan, died here after a brief illness. Her husband was a Colonel in the Confederate army and served also in the Mexican War. After the war Calvin Morgan engaged in business and politics. Becoming an Alderman of Lexington and a partner in McGrath & Morgan, leading hemp dealers, for years he was connected with General James F. Robinson in extensive operations on the turf.

NOTICE TO WORLD WAR VETERANS

There is to be a bronze tablet placed in the court house of Madison county, with the names of all soldiers, sailors and marines both white and colored.

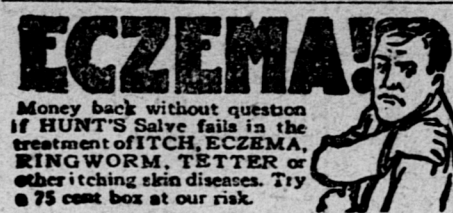

It is the desire of the Jesse M. Dykes Post No. 12, American Legion to obtain all of the names of World War veterans of the above branches service who enlisted from Madison county or whose home was in Madison county at the time of enlistment prior to Sept. 7, 1917. Any veteran who is a member of Jesse M. Dykes Post or who was enlisted into the service by conscription need not send their names in, as we have a list of them. We request the assistance of citizens of Madison county as some of the veterans are out of the county and in service. We want the list complete by the first of June, 1920. All names must be of honorably discharge veterans. All names will be investigated. Any one who knows of a veterans other than those mentioned above, that we have, pleased send their name in to

When You Buy Poultry Feeds

Don't make it guess-work. You can eliminate the risk by our iron-clad guarantee. The money paid for Purina Chicken Chowder will be refunded if hens, when fed Purina Chicken Chowder with Purina Scratch Feed—the perfect balance for laying hens—as directed, do not lay more eggs than when fed with any other ration.

Most hens get too much grain, a large part of which goes into surplus yolks, which the hen absorbs. This makes the hen too fat and cuts down egg production. 100 lbs. of wheat, corn, oats and barley contain elements for 224 yolks, but only 154 whites. The feed of a laying hen should supply elements for both whites and yolks in equal quantity. Purina rations are rightly balanced. Based on Experiment Station tests, Purina Feeds contain the following:

Elements for	Yolks	Whites
Purina Scratch Feed	247.49	142.11
Purina Chicken Chowder	182.05	282.53
Combined Purina	429.54	424.66

Note the larger number and almost equal proportion of whites and yolks in the Purina balanced ration. Purina feeds are scientifically mixed and insure results. In Checkerboard Bag.
